The Dominican Crisis

Col. Francisco Caamano Deno accepts designation by Santo Domingo rebels as provisional president of the Dominican Republic.

The Real Situation. . (Remember the Goldwater Photo?)

In many Rockwell Reports, I have written of the way our pro-Communist Administrations have pretended to "fight" Communist take-overs in various parts of the world to win the hearts of the anti-Communist American people, and have then brilliantly SOLD-OUT the native anti-Communists by demanding that they form a "coalition government" with the criminal, uncompromising communists, or have set up the anti-communists for "ambush".

In Cuba, Kennedy first bowed to BLACK-MAIL, which financed Cuba in the early stages, then allowed the anti-Communist Cubans to stage a complete invasion with planned air-cover. At the crucial moment, when the anti-Communists had committed themselves on the beaches at the Bay of Pigs, Kennedy WITHDREW THE AIR-COVER, thus guaranteeing Castro a major victory and completely discouraging OTHER Latin American anti-Communists. Now the U. S. Fleet is

guarding Castro against patriotic, anti-Communist Cubans, and SHOOTING them if they try to win back their Country. Can you imagine how YOU would feel if the Communists conquered Florida, (as they well might), and YOU tried to bust into Florida to fight them, --AND THE MEXICAN ARMY OR DESTROYERS SHOT AT YOU?

Now the game is going on in the Dominican Republic. First, our CIA helped get Christian, PRO-AMERICAN Trujillo assassinated, because he was a nasty old "dictator". When this naturally led to CHAOS, as planned, (most of these primitive people NEED a strong authority in government to maintain any social system at all), -we backed Juan Bosch, a long time pro-Communist, as the great new "leader". When patriotic Dominicans rose up and threw this red crud out, our Jew and red press called the patriots a "military junta" and implied they are a gang of savage brutes, etc.

Next, Castro staged a "come-back" for Mr. Bosch and his reds.

Our Administration COULDN'T POSSIBLY JUST ALLOW ANOTHER COMMIE TAKE-OVER just off the coast of Florida, without being trung up by outraged Americans.

So in we went with what LOOKED GOOD at the start, as usual, - just like the come-on for the old "shell-game". The American kids in our Armed Forces could see which way the wind blew, and were "favoring" the "dirty, military junta".

So the "junta" (the anti-Commies) just about had the reds WIPED OUT, and were trying to get at the last pocket of Communism in the Dominican Republic, (as this was dictated), - BUT THE U.S. PRESS BEGAN TO HOLLER ABOUT OUR LACK OF "NEUTRALITY". We were not letting the anti-Commies through our lines to get at the red swine.

So NOW we have stopped the anti-Commies and are demanding that they form the usual "coalition government" with the red rats.

This is as though bandits burst into your home and were raping and looting when the police showed up, and the police demanded you let the bandits move in with you and form a "coalition" family.

Or perhaps a better analogy would be to imagine that the red niggers in Harlem, backed by Castro, were able to stage a sustained riot and uprising and proclaim a "Harlem People's Republic". The "rebels" would then bargain and demand a say in the control of ALL OF AMERICA because of their control of one tiny sector of just one American city. Then in comes the United Nations armed forces and demands that the U. S. government step down and install a coalition of niggers and Jews to govern the USA. (We ain't too far from that now, as a matter of fact).

When loyal Americans succeed in almost destroying the Harlem Commie rebels, the U. N. forces then maintain a "neutral" zone all around the reds and won't led the anti-communists at them.

THAT IS WHAT IS NOW GOING ON IN THE DOMINICAN REPUBLIC.

Not only does it play into the hands of the reds, but it encourages communist rebellions all over the world, and DIScourages all anti-communists, -while it makes Uncle Sam look like the miserable, weak, "paper tiger" claimed by Mao Tse Tung.

The Jews Make A Nazi!

Our group in Dallas has had phenomenal success recruiting students from nearby colleges and universities. Believe it or not, the JEWS have proved willing little helpers at this, although the poor stupid hebes don't realize it.

About six months ago I got a letter from a student at Southern Methodist (where the great John Beaty, who wrote "Iron Curtain", taught). I thought no more of it than hundreds of others I get every week, but answered the questions as well as I could and sent a packet of such literature as we could spare.

Then I got another letter from the student, a co-ed, and she wanted to meet some of our people there in Dallas. So I sent her name to our leaders and again forgot the matter.

Last month when I was in Dallas, I personally met the student, and learned how the Jews helped us recruit still one more brainwashed, innocent American.

The girl told me that she was astounded when she first got our material to find that it was literate and made some good points. Jew propaganda had taught her to expect raving, blood-thirsty and misspelled hate. She was also taken aback by my personal letters, in good taste and refusing to reply in kind to insults. Then she met our wonderful folks in Dallas!

One after the other, the vile stereotypes of "Nazis" planted by the Jew liars blew up in this intelligent girl's face, and the utterly charming,

Cleric Beaten In Park Sympathizes With Nazi

By LARRY EDGINGTON
Telegram Staff Reporter

A man with credentials certifying him as an ordained Pentecostal minister says he is now a "definite sympathizer" of Canadian Nazi Party leader John Beattie after Sunday's riot in Allan Gardens.

Charles Phillip Thompson, who was kicked and beaten by a crowd shouting "kill, kill, kill," told The Telegram last night that he has never considered membership in Beattie's party.

"But, after Sunday, I'm prepared to stand on a street corner and yell my head off if that will give Beattie his right to be heard," the 28-year-old man said in his Dundas st. e. boarding house.

"The rioters were a pack of mad dogs. Their actions made me sick and disgusted that such a thing could happen in a country which values freedom of speech," he said.

Mr. Thompson was sought for an interview after members of three anti-Nazi groups claimed to have evidence that he had been seen at the party's Rhodes ave. headquarters.

This was vigorously denied by him.

When he was questioned by police after the Sunday riot, Mr. Thompson identified himself by showing a wallet card apparently issued by the Toronto Revival Centre Inc. declaring him an ordained minister.

On Monday, the gospel hall pastor, Rev. William McKay, questioned the authenticity of this identification.

Mr. McKay said his records showed that a Charles Phillip Thompson, of Orillia, had applied for membership late in 1962.

"He had very good references and we accepted him as a church worker not an ordained minister. However, as far as I can remember I never saw the man," the pastor said.

Last night, in the crowded boarding house, Mr. Thompson brought out a framed certificate of ordination bearing the name of the Toronto Revival Centre Inc.

It was dated Sept. 15, 1962, and among the three signatures legalizing it was that of a William B. McKay.

"They certainly sound authentic but I will have to see the man in person and talk to him to be sure the right man has them," he said.

He left the ministry about 14 months ago and now works regularly at a job in Toronto which was not revealed.

Asked why he was in Allan Gardens, Mr. Thompson said he had heard about the rally, knew Beattie and wanted to hear what he had to say.

"I now promise that I will go wherever Beattie appears and fight for his right to be heard," he said.

thoroughly informed, courageous and courteous Nazis of Dallas left her sort of stunned.

It turned out she was writing a paper at the University on the Party and "Nazism". So, after we had given her the deadly facts about Jew-Communism and race-mixing, our Dallas leaders suggested this innocent girl should go to the ADL and tell them she had seen some Nazi literature and wanted to know the truth about this vile charge that the Jews had something to do with Communism. Our people also took the precaution of telling the girl that the Jews have no defense against the charges (because they are true) and that these professional hebes would completely duck the issues and facts and resort to name-calling against the Nazis.

Sure enough, when she went up to the ADL office and asked about the Nazi charge, the Jews refused to discuss the FACTS. Instead, they kept telling her not to write the paper, "forget it", work to help produce "brotherhood", etc., etc., etc.

The next time our Dallas people saw her, she was reading Mein Kampf and ON THE WAY!

Perhaps an even better and more direct example is the case of a Canadian preacher named Charles Phillip Thompson.

Thompson strolled down to a lovely public park in Toronto, Ontario, last Sunday, to enjoy a walk in the warm, June sunshine. He was wearing his black, clerical vestments and is an ordained minster of the Pentecostal Church.

But the park was not peaceful and quiet, as he expected.

A few days before, our new Canadian leader, John Beattie (no relation, so far as I know to the author of the Iron Curtain over America), had announced a Nazi rally in the park for Sunday.

The Jews up there are still in the terrorist phase of their opposition to us, because, so far, none of the would-be leaders up there have survived the Jewish terror attacks, and the Kikes would rather permit the publicity, providing they can frighten would-be Nazis into running.

So, as they used to do to us until they discovered that we DON'T run and that we flourish in the publicity following Jewish terror attacks, the Jews poured into the park more than five thousand strong! (Admitted by the authorities).

Believe it or not, these apostles of love and "free speech" attacked no less than FIVE innocent, dumbfounded passers-by, imagining them to be the "Nazis" they were waiting to beat on!

POLICE RESCUED NAZI LEADER BEATTIE
Mood of Allan Gardens crowd had built to a boil

These Kosher "love-mongers", armed with clubs, bats, knives and crow-bars, assaulted the five bystanders in their usual, charming, Jewish manner, trying to actually decapitate one poor, screaming kid! They chased their victims up alleys with unbelievable ferocity and the scene of carnage was unbelievable to most Canadians!

The fact was that there were NO Nazis in the Park, until AFTER the Jews had assaulted and tried to murder these horrified passers-by! John Beattie finally, and with incredible courage, DID show up, and was duly beaten by these lovable Jews, (and then charged, as usual, with CAUSING the "disturbance", --the worst riot in Toronto for over thirty years!) Only heroic efforts of the Police prevented the deaths of the victims!

The delightful sequel to all this is that the preacher, no "Nazi" as the Jews pretended, has seen with his own eyes these "Chosen Ones", acting like the murdering Devils Christ called them, and heard, with his own ears, their ancient cries of "kill him! kill him!", just as they did 2,000 years ago to Another Who exposed them.

And the result is that the preacher is now a NAZI, and is standing by Beattie 100%. What no man could have convinced him with words or documents, he has finally understood. The JEWS did the job of making him SEE at last!

There's NOTHING like Jews to make Nazis and Jew-haters--just as there's nothing on earth to take the place of NIGGERS to teach people ABOUT niggers.

(See the full story of the Toronto riot in the next issue of the STORMTROOPER, with many pictures and clippings!)

A Peek At The Future

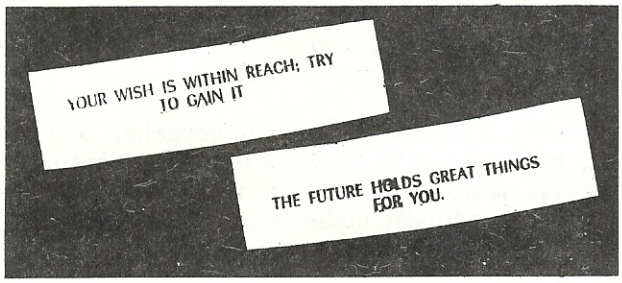
I do not personally believe in any kind of "magic" or fortunetelling . But many of our good people do, and I must confess that they sometimes amaze me with their predictions.

A lady in Salt Lake City sends me astrological forecasts, faithfully, every month. And I dutifully check them, as she has asked me to do.

The most recent forecast she sent contains a prediction that in November, my whole life will change and I will be "involved with Government"!!

Further, November 2nd shows, for us "fish" of Pisces, (which they assure me I am), as a day for "great worldly success and advancement"!!

These are in a printed publication, or I would suspect hanky-panky.



Finally, guests took me to a Chinese restaurant the other day and I got "fortune cookies" for desert. Here is an actual photo of the little slips in my cookies!

Your Money Or Your Life

Bogalusa, Louisiana, is a classic example of how the Jews operate behind the scenes in the big race-mixing operations.

First, they send in the jig troops to raise general hell. Without an uproar, the local officials could not give in to the race-mixers without making it too obvious.

Then after Martin Lucifer Coon and his degenerate crew have the town and area all torn up, the local "business leaders" (the Jews who have taken over Main Street, and a few "responsible civic leaders and industrialists")get together and point out that the town is LOSING MONEY while all the hell is going on.

After a while, this MONEY angle gets to the local Christian businessmen. One by one, most of them slip out of the front-ranks of opposition to the niggers. Then some of them are sweet-talked into the "Interracial Community Affairs Council" or some such fancy name for the nucleus of the new NIGGER-JEW "power structure".

And all of this process is pushed from far, far behind the scenes by the absentee owners of the big industries which often dominate the economy of the town, -as with steel in Birmingham, cloth in Danville, Virginia, --and paper in the case of Bogalusa.

The big, international Jew, Zellerbach, from San Francisco, owns the Crown-Zellerbach mill which keeps the MONEY flowing in Bogalusa. Zellerbach was ambassador to Italy, and is about as pinko and race-mixing a Kike as you may hope to find this side of Israel or Moscow.

With all that kind of power and money, Mr. Jew Zellerbach is in perfect position to see that the local "politicians" are to his liking.

When I first heard how the mayor of Bogalusa was catering to the niggers and falling at their feet, I couldn't understand it. But when I learned about the Zellerbach plant in Bogalusa, my heart sank, for I knew the battle was over the day the town became DEPENDENT on the Jew's MONEY!

Politicians being what they are, most of them would never in a million years buck the man with the MONEY! They talk big and put on a show, but when the chips are down, they bow to CASH.

That's why the Federal Government runs such a monstrous tax-and-give-away mill, and that's why schools all over the South are rushing to integrate, when they are threatened with withdrawal of their MONEY.

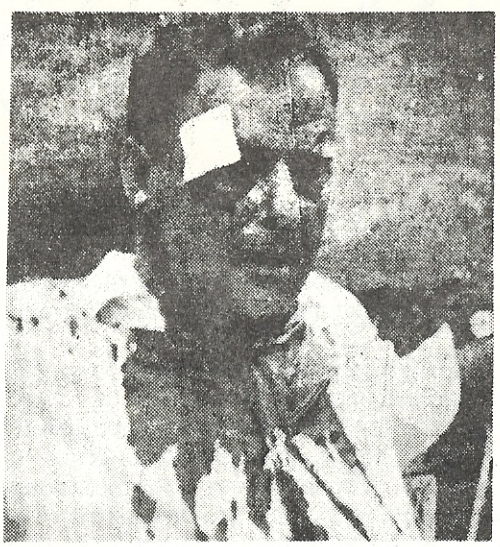
America is rapidly approaching the point where it is going to have to make the fatal choice, "your money or your life!"

Either we do those things we know we must do to survive as a race and as a Republic, or we will do those things which can temporarily bring us money, or keep the money we have. With the Jews in full cry after us, we cannot do both.

So far, only a few "nuts" like us patriots have chosen "life" instead of "money".

We must either get out of office the grubby politicians who prefer the money, and teach our people PRINCIPLE and GUTS, -or we will lose both life and money.

Poor Bleeding Rabbi



RABBI Arthur Lelyveld, 51, of Cleveland, Ohio, is bloody but unbowed after beating by two white men in Hattiesburg, Miss. (AP Photo)

Somebody sent me this picture from a Boston newspaper of a rabbi all bashed in.

The rabbi was down south, in Mississippi, helping to show the poor, ignorant people of that benighted state the beauties of race-mixing, and "equality" as preached by the Communist Party. Instead of appreciating this help, the backward Whites of Mississippi seized this Jew rabbi and sprinkled his rich, Jew blood around the Southern landscape.

I felt so badly that I couldn't resist printing the picture, feeling that others, like me, will want to share the awful pangs of the agony at seeing the rabbi thus busted up. I'm sure there are others beside me who would like to send the rabbi a token of our feelings.

Bits Of Bigotry

★ Every trip I make around the country, I am further amazed at the staggering progress the liberals, Jews, beatniks, Communists and other scum are making in spreading "queerism" as a fine and admirable development. They never tire of telling us that there is nothing really wrong in being a queer and that it does not hurt society to tolerate this degeneracy. They try to spread the idea it is really quite "natural". To fathom the real depths of this villainous Jew-Communist propaganda one has only to make a dramatic mental comparison. Just try to picture a queer TIGER--or a pansy male gorilla--or a fagot bull. Can you imagine what would happen to a gay gorilla who tried smooching with a bull gorilla?

★ When the Hollywood Jews made a movie called "The Vikings", it was apparently impossible for them to find any Christians to play the part of our super-Nordic forbears. America and the world were treated to the ridiculous farce of seeing three "heroic" hebes representing the bearskin clad giants of the North: Bernie Schwartz (Tony Curtis), User Danielevich (Kike Douglas) and Ernest Borgnine! Perhaps we should be grateful the Jews have not yet gone "all the way". Later, I am sure they will depict the Vikings with such outstanding stars as Sammy Davis, Jr., Sidney Poitier, and Paul Robeson.

★ The Washington Sunday Star for May 9, 1965, contains a front-page scare article on the terrifying increase in crime in the Nation's Capital. NOT ONE WORD ABOUT NIGGERS! ... Reminds me of a guy dying with syphilis who won't admit it and tries to cure it with deodorants, mouthwash, vitamins and poetry.

Jewish Horror In Hawaii

Phillip Slomovitz of the Detroit Jew News (can you imagine waking up in the morning with THAT name? -no wonder the Kikes are hateful!) --Slomovitz has written a piece on Hawaii for the Chicago Jew Sentinel , one of the worst of the Jew rags, which we often call the "Cream of the Crop" (only spelled with an "a").

Strictly because of the endless garbage put out by the "nice" right-wing about how the Jews just LOVE to have me speak at the colleges, and that I am a fake who "takes a dive", instead of letting a "real" conservative have a go at the kids, I am reprinting part of Slomovitz's article on the state of Kikery in Hawaii. Note that Slomovitz "explains" my "triumph" at the University of Hawaii by claiming that Hawaiian Hebes have gone soft and didn't challenge me! Be interesting to see how Slommy explains what I am now doing to them in Virginia!

"When George Rockwell made an appearance recently at the university here, he received an ovation. Chinese, Japanese, and native Hawaiians, who hardly know Jews, are said to have 'loved" his humor. It is reported that there now is a Rockwell cell here. It numbers five or six members, but it exists. People here find it difficult to explain the Rockwell "success" but the "triumph" is on the record. The fact is that there may not have been anyone there to challenge or to refute him.

KOSHER ANTS

Samuel Browne once wrote one of the most penetrating little phrases ever invented; "How odd of God to choose the Jews!"

Hitler wrote in Mein Kampf that he sometimes had black moments, when surveying the total work of the Jews, in which he wondered if these parasites were not destined after all to conquer by sheer lie-power, terrorism and subversion.

I, too, have had these moments in surveying human affairs, and how incredibly easy it is for the Chosen Ones to get millions and millions of Christians slaving away just for the opportunity to crawl at the feet of the Jews in abject worship.

Now, in the latest Time Magazine, for June 11, I learn that the Jews have a branch in the insect world, --KOSHER BUGS!

ENTOMOLOGY

Subversion Among the Ants

The U.S. South knows few worse pests than the tiny fire ant, an uninvited guest that came up from South America nearly 50 years ago and settled down for a long visit. The little insects bite people, raising painful lumps, attack livestock, nibble crops and foul up expensive farm machinery with their hard earthen nest mounds. For years nothing could check their spread; massive attacks with chemical dusts and sprays all failed. Now it looks as if the Department of Agriculture has finally found an answer to the curse of the fire ants: still smaller ants that seduce the fire ants into destroying themselves.

Social Parasite. Uruguayan scientists working for the department stumbled on the secret while they were searching for a fungus or a bacteria that might be fatal to fire ants. They discovered that in Uruguay, where the ants are native, they are no serious problem. Often they are so weak that they build flimsy nest mounds, which wash away in the rain. This suggested not an ant killer but a social parasite.

The nests contained various parasites, but the most important turned out to be another species of ants that live without concealment in the fortresses of the fierce fire ants and, by some mysterious influence, make their hosts support them in idle luxury. Usually, a few of the parasites cling to the fire ant queen by means of specially adapted mandibles that fit around her neck without hurting her. When a worker comes to feed her with regurgitated food, the parasites flutter their antennae, apparently conveying a compelling message that makes the worker feed the parasites instead of the queen.

The parasites that cling to the queen are females, and when she lays her eggs they lay eggs of their own. Dutifully, the fire ant workers care for both sets of eggs and raise the infant parasites just as tenderly as if they were young of their own species. The parasites thrive while their considerate hosts all but work themselves to death taking care of them. The fire ant economy is wrecked. The healthy parasites mate conveniently in the nest, and then fly away to subvert and weaken other fire ant colonies.

Biological Weapon. The parasites have been found only in association with fire ants. Apparently, they cannot live except when fed by the fire ants with their regurgitations. This dependence makes them promising as a potent biological weapon. But the department's

TIME, JUNE 11, 1965

Observe the parallels!

These Kosher bugs "live without concealment in the fortresses of the fierce fire ants"!

The White Man is the most powerful and terrible animal which ever walked the face of the earth, killing or subduing every creature which got in the way of his absolute domination, until very recently. Yet the Jews move in among us, like fat worms, and have no real strength or power, yet none dares so much as speak of them in anything but the most effulgent praise. The mighty White Warriors who conquered the earth meekly and eagerly serve the hand-rubbing, bowlegged, bloodsucking Jews, who do not even bother to disguise themselves, but rub their Jewiness in with everything they've got.

"By some mysterious influence (the bugs) make their hosts support them in idle luxury"!

Jews are notorious all over the earth for not working. A Jewish "farmer" or day-laborer or a Jewish sandhog, a Jewish steel-driver or logger, --all of these sound almost funny, because Jews flock only to occupations where they can connive and outwit Gentiles and sometimes each other for CASH. Yet, do they not wax fatter and more prosperous, as a group, than their hard-working hosts? And again, do not the Jew bankers like the Rothschilds and Sassoons, etc. live in outright LUXURY, without doing a lick of WORK?

"Usually a few of the parasites cling to the queen . . .without hurting her"

Who has not seen these greasy, fat, rich Hollywood and New York Jews hanging onto our beautiful, blonde queens, -show-girls? And it is no secret how they hold on without "hurting"; it's done with MONEY!

"When a worker comes to feed her. . the parasites flutter their ANTENNAE, apparently conveying a compelling message that makes the workers feed the parasites instead of the queen!"

Good Lord! Here is a perfect description of the Jewish "Marxivision" screen! The Jews "flutter" their TV antennae at our "workers", and, instead of

loving and caring for their own kind, our people are moved to rush to the South on behalf of niggers, Jews and parasites in general, and to pay taxes to a Jewized Federal Government which devours more and more and more, all the while enslaving us faster and faster and faster!

"Dutifully, ...the fire ant workers care for both sets of eggs and raise the infant parasites as tenderly as their own species!"

The Jews have gotten huge numbers of our people convinced it is their duty to adopt and love little Jews, niggers, Chinamen and anything else with two legs, and we pay billions in taxes to nurture and feed BILLIONS of worthless human trash all over the earth, while millions of our OWN kids go hungry and in poverty!

in the Catskills, etc! Then visit a hat or glove factory in Pennsylvania, where the Jew owners pay the Gentiles by the piece!

"The fire-ant economy is wrecked!"

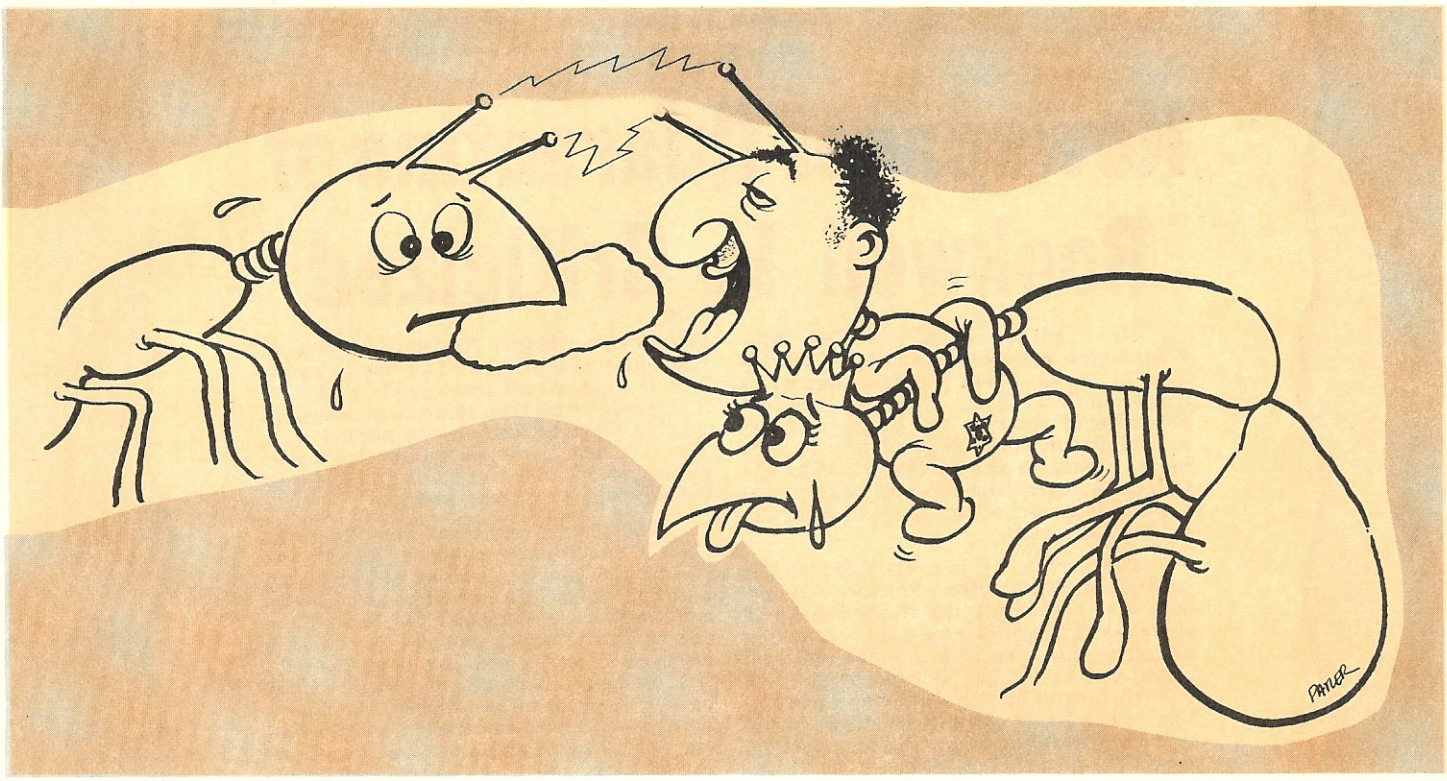
Is comment necessary?

"The healthy parasites mate conveniently in the nest and then fly away to subvert and weaken other fire-ant colonies!"

There is the history of the Jews all over the world in a nutshell.

"Apparently, they cannot live except when fed by the fire-ants with their regurgitations."

That's the only comforting thought in the whole astonishing account. If we MUST feed the Jew parasties in our midst, too bad we cannot take a lesson from the fire-ants who feed their Jews by vomiting at them!



"The parasites thrive while their considerate hosts all but work themselves to death taking care of them!"

Right now, Jews are sending 3 out of 4 young Jews to colleges and Universities, while our OWN kids are lucky to make it through high school. They own more and more of our real wealth, and are pushing in everywhere. Just take a look at the swarms of rich, greasy Jews rolling in their wealth on Miami Beach or in Hollywood or

The article winds up with the "promising" thought, as "Time" puts it, that these Kosher bugs will be successful in ruining the fire-ants here in the USA as they have in South America.

If this scheme works, you may confidently expect to find whole hills in America of anti-semitic ants. And I wouldn't be too surprised, to see, one fine day, an ant-Hitler!

How do you gas a Kosher ant?

Protest Free Radio Time Given To Nazi Rockwell

LOS ANGELES, (JTA) — A sharp protest was lodged this week with the Federal Communications Commission against Radio Station KNX-CBS of this city, for broadcasting a program lasting three and a half hours, featuring George Rockwell, leader of the American Nazi Party.

The complaint, to the FCC, coupled with a request that the FCC investigate the occurrence, was filed by Dr. Hershel Lymon. Rockwell was the "guest" on the station's "Michael Jackson Program," which occupied the air on April 27, from 7:30 to 11 p.m. When the show was over, Rockwell thanked the moderator for "the greatest opportunity ever given me."

In his letter, Dr. Lymon noted that a telegram had been sent to the station, protesting the scheduling of the lengthy Rockwell appearance, telling the station it was "irresponsibly presenting the man whose uniform and philosophy are a desecration to the American dead of World War II." Rabbi Lymon charged that KNX-CBS provided for the American Nazi "the largest audience he ever had in his life," giving him "the opportunity to endanger the public safety with his incitements of hatred against minority peoples who are part of the general community."

Newspaper Quarantine of Rockwell Is Criticized

NEW YORK, (JTA) — The three Washington newspapers apply a "quarantine to news about George Rockwell's American Nazi Party with the conscious objective of denying the Nazis publicity and minimizing their impact," it is asserted in an article in the current issue of the Columbia Journalism Review, published at the Graduate School of Journalism of Columbia University.

The article, by Ben. H. Bagdikian, a permanent Washington correspondent argues that "all in all, the Nazis qualify as news — at the most as a gang promoting savagery and paranoia on the national scene, and at the last as civic pests." But the Washington newspapers' news quarantine of the Nazis, the article affirms while it is "a quarantine under the best possible conditions of a subject odious to most Americans," nevertheless is still "pernicious."

In criticizing the newspapers for having suppressed news of a Washington incident in which Nazis pushed a speaker off the platform at a public meeting, the article commented: 'Papers that are worried about the impact of the Nazis might have played the news straight and then asked editorially why the Nazis arrested for breaking up the meeting were let off with a $10 forfeiture of collateral and never brought to trial."

The writer raises the questions "Who is to decide whether Nazism is an issue in this country? And how is anyone to know, if it is quarantined from public study? If it is not an issue, then there is no danger in playing news of Nazis in the normal way. The fact that there is a quarantine means editors accept that Nazism is an issue with enough people to cause worry."

The article comments that Rockwell "is not an ordinary soapbox shouter. At one time he had the backing of a man who had $4,000,000. He has been able to disrupt sessions of Congress. He has only a couple dozen loutish troopers but he is a resourceful leader who has been the subject of many manhours of official worry by the Department of Justice, the metropolitan police and the district commissioners, and of unofficial attention by university officials, and by American Civil Liberties Union leaders preparing defenses of the Nazis' constitutional rights while worrying how to accomplish this without infringing the rights of others.

"These," the article continues, "are deliberations of a fundamental kind from which principles and practices evolve that are applied to all society. If the elite are worried about Rockwell as a problem, the citizen ought to worry, too If. the elite think the citizenry may come out the wrong way, then what is needed is more news, not less."

Poor, Desperate Kikes

←Here are two articles in the major American newspaper of the "beanie"-type Hebes, the "Jewish Press".

The first is moaning about the three and a half hours I did on fifty-thousand-watt KNX-CBS in Los Angeles last month. The moderator was a British Jew who has been snowing the population of the West Coast for years that he is a cultured Englishman, when the fact is that his real name is Jacobs and he nurtures precisely the same Jew love of race-mixing (for us), pro-communism and all the rest so typical of Jewry everywhere. I managed not only to expose this, but to nail literally hundreds of other Jew lies about Christianity, equality, Germany, our Constitution, etc.,etc. The day after the long broadcast, which reaches from Hawaii to the midwest with fifty-thousand watts of power, I was swamped with congratulations from all over, and most of them confessed that they had been all twisted up previously by Jew lies!

So the Jews, the great advocates of "free-speech", promptly went to the Federal Communications Commission with their complaints, although I heard of no complaints when they put on Alger Hiss to blast Dick Nixon.

And the next clipping shows that the Jews are finally about to realize that the "quarantine" (censorship) technique "invented" by Dr. S. Andhil Fineberg, (and Stalin, Castro, Trotsky among other dictators) ain't working too hot for the Kikes. We have smashed hell out of this filthy Jew censorship of America's information, with our "Nazi" technique which so many thoughtlessly condemn. I have managed, time and time again to force the Jews to hand me, on a platter, MILLIONS of dollars worth of free TV, radio and newspaper time and space to spread OUR ideas at their expense!

I will predict that the American Nazi Party will finally smash through the "blackout" in the next six months and be smeared in every major Jew magazine, newspaper and book outlet in the country. It will hurt, -but it will also promote unheard of growth and strength in the movement. And the right-wing ninnies who have been preaching that the Jews have been "using" us to "smear" "nice" people will see just how these Chosen Ones love us Nazis, and how they have been ruthlessly suppressing news of us, as no other group in America has ever been "blacked out" of public knowledge.

Cue For The Last Act

For years I have been predicting chaos, economic collapse and revolutionary conditions in America for 1969. The Pollyanna-Left pooh-poohs any such possibility and staggers and reels forward toward its dream of pie-in-the-sky; while the "you'll-see!" Right has been regularly croaking, "This is our last election! We'll all be busted if the National Debt goes up a penny! etc.,etc."

I have tried to avoid both of these extremes and refused to be stampeded into seeing the economic crash(which is inevitable) every time the stock market takes a dip.

But now the time has come, at last, to start my own croaking. They're getting ready for the last scene of Act Two, and the wind up is on the way.

When they start taking the silver out of the coins, then you will know that a furious economic crash is only a few years off, and red revolution will be close behind.

Franklin D. Roosevelt grabbed all the gold from U. S. Citizens back in the thirties.

Then they withdrew all the gold CERTIFICATES, making them silver certificates.

Next, two years ago, they withdrew all those silver certificates and backed them with . . . . . .NOTHING!

NOW, -they are ready to take all the silver coins, too.

Step by step, little by little, they have taken everything REAL away from us, -always a step the people would sit still for.

With paper money backed by nothing at all, with gold gone and illegal, and with silver gone, we will have nothing but PAPER and CREDIT for our savings, our labor and our wealth. Any time they want to they can "devalue" our holdings, to fill the coffers of the manipulators!

The crash of '29 was a catastrophic DEflation.

The NEXT one, I predict, will be the opposite, a catastrophic INflation. Conditions here are beginning to approach those in Germany in the twenties, when it took BILLIONS of marks to buy a cup of coffee!

If they pass the law to steal the silver out of the coins, then I will be forced to move up my predictions for the crash. Instead of 1969, it could be 1968, or possibly even 67.

Only a blind fool could fail to see what is ahead, and yet our Nation is LED by men who tell us they can borrow and steal and default on their debts and live over their incomes FOREVER!

At the same time, the few who DO see absolutely stagger me with their lack of the most elementary prudence. The men with the MOST to lose, the multi-millionaires I have known, are the very ones who will do the least to protect themselves.

They remind me of passengers in the luxury class of a great ocean liner which is sinking.

Their only hope is to help the dirty, sweaty crew down in the bilge trying to plug up the holes which are sinking the ship.

But the fancy-pants passengers won't do that. They consider the roughnecks in the hold too dirty and vulgar, and prefer to put their trust, (and cash) into paying other fancy-pants, like themselves, to play hymns up on deck, to pray for help and to form endless "Save Our Ship Societies" which meet in the Luxury Tea Lounge to write letters to the Captain.

Sooner or later, when they get desperate enough, they will come down in a panic and beg the poor, dirty beggars at the pumps and working in the bilge to work harder, etc., --and maybe even offer the crew a cool drink, etc. But right now, even as the vast economic "ship" of the U. S. Economy is decks-awash and sinking fast, they are still cussing the dirty swabs at the pumps and sending caviar and canapés to the windbags up on deck "praying" and holding right-wing tea parties.

But I have seen the whole play before. This is where I "came in". The same people did all the same things in Germany in the twenties and thirties.

Those who will not learn from history are doomed to repeat it.

Living Insecticides

I have long known of the deadly dangers in the chemicalization of our food and water supplies.

But not until I got to know Mr. Herman Kuppers did I learn just how evil and vicious is the current insanity of pumping poisonous chemicals of all kinds into our nourishment and drink. Nor did I realize how UNNECESSARY such poisoning of our food is.

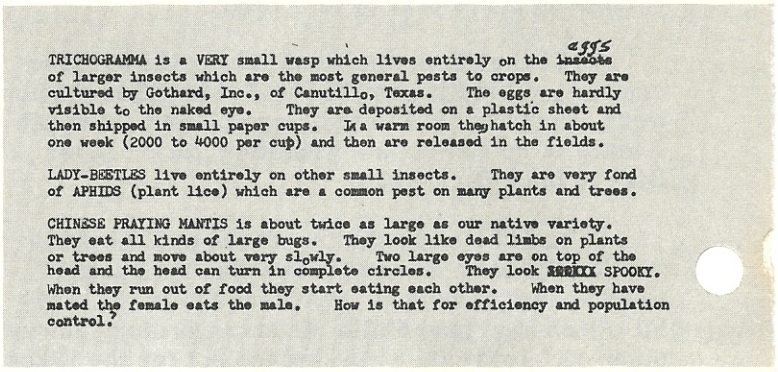
I had always believed that chemical sprays, for instance, were necessary evils in raising vegetables and fruits, because of the ravages of the insects, worms, etc.

Then Mr. and Mrs. Kuppers showed me the magnificent results they get in their North Carolina garden without one single drop of any chemical spray or fertilizer.

When I gasped in amazement that the bugs did not destroy every stalk, leaf and fruit without any insecticides, Mr. Kuppers told me the secret, -the secret given FREE by Providence to all men, if only they had the sense to use it.

He explained that Nature has NATURAL enemies of the destructive bugs, and that man has only to cooperate with Nature, not try to outwit it as do the conceited, greedy and foolish "liberals".

Here, in Mr. Kupper's own words in a letter to me, are some of the wonders I learned in this field. (Incidentally, I am not so sure we ought to spread around too freely Nature's idea with the female praying mantis, as set forth in his letter.)



TRICHOGRAMMA is a VERY small wasp which lives entirely on the eggs of larger insects which are the most general pests to crops. They are cultured by Gothard, Inc., of Canutillo, Texas. The eggs are hardly visible to the naked eye. They are deposited on a plastic sheet and then shipped in small paper cups. In a warm room they hatch in about one week (2000 to 4000 per cup) and then are released in the fields.

LADY-BEETLES live entirely on other small insects. They are very fond of APHIDS (plant lice) which are a common pest on many plants and trees.

CHINESE PRAYING MANTIS is about twice as large as our native variety. They eat all kinds of large bugs. They look like dead limbs on plants or trees and move about very slowly. Two large eyes are on top of the head and the head can turn in complete circles. They look SPOOKY. When they run out of food they start eating each other. When they have mated the female eats the male. How is that for efficiency and population control?

"Get The Big Shots"

Here is a clipping from the Cincinnati paper which shows how derelict in their duty our politicians are today, including the politicians of the South. They continually try to stop the mobs in the streets, and do not indict and put in prison the criminal nigger and Jew leaders who INCITE and ORGANIZE the riots and insurrections, which are felonies.

Note, in the clipping, that these arrogant nigger leaders openly boast they will "rock the city" and to "disturb" living in Cincinnati until "such time as you come to terms with the black people".

When Martin Luther Coon told Danville he would turn it upside down and inside out and that there would be "no peace in Danville" until the niggers got what they wanted, he was openly flinging an ultimatum and a challenge of open insurrection and warfare at constituted government. This is a serious felony everywhere and Coon should have been immediately seized, indicted, tried and sent to the penitentiary for criminal activity.

CORE Aide Says Meet Terms Or 'We Rock City'

About 200 people gathered outside the main entrance of City Hall Saturday and heard a speaker for the Congress of Racial Equality threaten "to disturb your normal form of living in Cincinnati until such a time as you come to terms with the black people."

Clyde (Jim) Vinegar, CORE's director of chapter activities and past chairman, referred to a 40-day ultimatum delivered to City Hall March 15 demanding the dismissal of city building commissioner Donald Hunter, or the transfer of his authority to a housing court.

Mr. Vinegar said there were 18 days left for Mr. Hunter to be fired. If this is not done, he said, "we are not going to fight policemen in the streets, but we are going to put ourselves in the streets."

"We are going to rock the city in whatever form in a nonviolent method that we can."

Mr. Vinegar said such action was necessary to overcome difficulties faced by Negroes in their campaign for an end to alleged City-condoned housing violations, and for openings for Negroes in the Police and Fire Departments and other City jobs.

"In 18 days we start," he said. "Maybe some of us will end up in our fine city jail in the back of us . . . But I tell you this, if . . . you leave us there and do nothing about it, when your turn comes, don't cry!"

The trouble-free rally began at Union Terminal at 3:30 p. m. About 120 people set off for City Hall.

The marchers were predominantly Negro adults. There were a few clergymen and a dozen or so white youths.

Instead, as in Cincinnati, Danville, Alabama and everywhere else, the authorities are afraid to attack Coon directly, and instead go after the "little niggers" and mobs in the streets--which plays directly into the hands of the enemy.

Volunteers?

In city after city, the jigs and their friends lock arms and block doorways to people's businesses and even public buildings. And in city after city, the politicians rule that such obstruction is "legal" and a form of "non-violent protest", even when it cuts off a man's business.

The next time these non-violent jigaboos block a doorway, and the authorities rule that it is legal, I am willing to lead a mass, locked-arm sit-in in front of the NIGGER HEADQUARTERS and the B'Nai B'Rith. If they attack us trying to get in or out--why we will have to defend ourselves.

To make it effective, I need more than a few men I can afford to take with me to any specific city. We need about twenty men, the huskier the better.

How about it? Anybody want to see the niggers beaten at their own game?

Call or wire me whenever such vile nigger antics are going on in your area and you can collect the fare to get me there plus enough rugged White citizens to block the nigger and Jew doors with me.

Germany, The Mississippi Of Europe

Of all the states in Europe in the 1920's and '30's, only Germany stood up to the Jew Communists and race-mixers.

Of all the states in the United States, only Mississippi and Alabama, currently, are really putting up a fight against Jew Communists and race-mixing.

Because the Germans defied the Jews, the Jews let loose a flood of lies against Germany in all the other states of Europe, calling the Germans haters and bigots, etc.

Because Alabama and Mississippi will not bow down to the Jews and niggers, the Jews in all the other states--and in the world--have let loose a flood of lies pillorying Mississippi and Alabama as "bigots", "haters" and finally, "Nazis".

When Germany physically defied the Jews in the rest of the states of Europe, the Jews organized all the rest of the states and the whole world into a military force to go and crush Christian Germany with bayonets and bombs.

When Mississippi and Alabama physically defy the orders from Supreme Jewry, the Jews organize the rest of the states in the form of Federal tyranny, to go and crush these states and people with Federal bayonets.

I could go on and on, but, by now, any person with common sense and eyes to see should realize that the battles in Alabama and Mississippi are the SAME BATTLES that we fought in World War II, with us on the side of the Jews, Communists and race-mixers.

In short, Germany was the Mississippi of Europe, and Adolf Hitler the Governor Barnett or Governor Wallace of Europe.

And the amazing, heartbreaking, unbelievable thing about it all is that the victims of the Jews in Mississippi and Alabama have been taught, partly by cowards on our own side, that Hitler and Christian Germany are, or were, their "enemies"!

Profits Of Degeneracy

Here is a picture of the new home of Chubby Checkers and his White wife--Miss World.

Millions of White men and women are working like dogs to create wonderful and beautiful things--and nearly starve.

This disgusting nigger takes one of our White women, teaches our kids to think, talk and act like degenerate savages--and we pay him millions and give him this beautiful home among us for thus spreading degeneracy and cultural rot among us!

CHUBBY CHECKER BUYS HUGE,

For $100,000, Ernest (Chubby Checker) Evans twisted himself into the luxury of a sumptuous home snuggled atop a gently sloping hillside along the wealth-woven Philadelphia Main Line. He is the first Negro in the area.

And for the "Twist King" and his beautiful wife of almost a year, the former Catherina (Miss World, 1962) Lodders of Holland, the buying of "La Escondida," (the hideout), a 12 and one-half acre estate on Swedesford Road, in Paoli, Pa., meant more than just buying a house.

The purchase meant that the interracial couple, for perhaps the first time in their long hunt for a home, ended a near-nightmarish string of fruitless meetings with bigoted real estate dealers who denied them, and others who wanted to jack prices sky high once they knew he wanted a home.

The house is of bronze stone construction. The estate has well-landscaped grounds, including a trout stream, woods and a 56-foot, heated and filtered swimming pool.

Inside there is a spacious entrance hall, a large living

room which extends the length of the house and which has a large bay window at one end and a wall of glass at the other end. Two sliding glass doors permit entry onto a balcony overlooking the rear grounds and swimming pool. The balcony extends past a similar glass wall along the dining room.

Four bathrooms, a built-in television and stereo system, walk-in closets, scientifically designed kitchen, wood paneled attic and stairway to a sun deck on the roof, cypress paneled recreation room and pine paneled den are among other highlights of the house.

There is also an unusually large workshop which contains complete, factory-size power tools bolted to the floor, where Chubby plans to test his skills, and a two-car garage.

La Escondida is located in the Great Valley, noteworthy for its beautiful rolling terrain and scenic views.

"I'm happy, man. I'm happy," Chubby chuckled over his new home. Rina looked up at him and beamed.

Young couple playfully gaze out sliding glass door, getting a different view of their large swimming pool.

Nazi Minstrel Show

We have been successful in getting permission from the Department of the Interior to stage an old-fashioned nigger minstrel show on the grounds of the Washington Monument on August 30!

With black-face banned by sore-head nigger and Jew kill-joys all over the country, this may be the last chance for a long time for Americans to enjoy the wholesome, innocent fun of the old-time black-face minstrel show. It will also be a good opportunity for what the Jews call "social protest". We shall show the true nature of the coons in all its nigger glory!

I am hoping that in spite of the current bitter quarreling among right-wing leaders, we may be able to declare a truce long enough to have some fun with this great opportunity and help get our forces together.

One of the greatest black-face comedians in America today is the Chairman of the NSRP, Ned Dupes. Because of the machinations of Mr. Fields, Ned and I are currently on opposite sides of litigation in Court over Field's lying articles and letters. But I think the world of Mr. Dupes, and he is an old friend of my fathers from their days together in vaudeville. I shall try diligently to get Ned to be the "head nigger" in our minstrel show.

Anybody else with talent in this direction is cordially invited to participate in the world-famous, great, magnificent, superb, colossal Nazi Minstrel Show at the Washington Monument, August 30!

The Jew Kisser

It is still open to question whether one can read character directly from faces. The question is only when the faces are of young people. The life one leads and the set of his face over the decades unmistakably stamp one's face. Many young Jews and Jewesses are able to pass themselves off as ordinary and even good-looking Americans--when they are young. But when they get on in years, their life of hate, lies and debauchery reveals itself in the development of typical and disgusting Jew faces. Prime examples are Judy Garland, Bette Davis and Edward G. Robinson. Particularly these Jewesses were able to make themselves up to look "pretty" in early movies. But I defy any honest observer to look at the faces of these kikesses today without seeing degeneracy, debauchery and the disgusting nastiness which has characterized Jew faces for centuries and, indeed, resulted in the fact that, whenever the devil is depicted, his face is always that of a hook-nosed Jew.

Another Kosher Conservative Balloon Punctured

One of the standard shibboleths of the Kosher Conservatives is that the reason the Jews and Communists have set up the Nazi Party is so that they can then go speak at the colleges, using us as sort of a "balance". Billy James Hoggis and Fields even went so far as to claim I was mixed up in HANGING a Kosher Conservative kid at San Diego State College who exposed this little game I am supposed to be playing for the Commies.

Well here is J. Edgar Hoover's compilation of the Communist speeches at colleges all over America in 1964.

There are 45 of them. I have underlined the colleges at which I have been able to speak. There are exactly FIVE of them, -5 out of 45!

I have put little stars after another five colleges at which I have been invited to speak, and then CANCELED by Communist and Jew pressure.

Show this to the next Kosher Conservative know-it-all who tries to preach that we are the interference-runners for the reds. Ask the creep how come, if the commies have set us up, they not only don't use us, but get us canceled whenever they possibly can.

Finally, I have put Jew six-pointed stars after the names of Jew Communist speakers and little letter "N"'s after nigger Commie speakers.

Betweeen the two, Jews and niggers, they make up 29 out of the 45, -while I do not know the nature of 8 more, before whose names I have put question marks.

In any case, more than 2/3's of the Communist college speakers have been JEWS and niggers, --and the Kosher Conservatives proudly acclaim these two groups as "patriots" and their very dear friends.

In view of the FACTS, who is REALLY working for the Commies, Jews and niggers?

Come right on in, Reverend King, and you too, Mr. Golden! We want you to know that the Birch Society welcomes all races, creeds, colors and all that sort of thing. Your poor, tired, aching feet must be sore after all that Freedom Marching, why don't you take your shoes off and be comfortable? And how about some caviar with your tea?

A TYPICAL BIRCH SOCIETY MEETING. The Birchers themselves printed this photo in a luxurious, extravagant newspaper supplement costing hundreds of thousands of dollars. Can you imagine the effect of this "tea-and-crumpets" scene, the fancy paneling and the wealthy atmosphere on a steel-worker, a welder, a construction-worker or any of the other millions and millions of good, solid, working Americans whose votes we NEED?
